

Please see the note City Councilman Dave Martin included in his September news letter.

Thanks Dave!!

## **Rotary Club of Space Center 50th Anniversary Celebration**

Since 1964, the Rotary Club of Space Center has been serving the Clear Lake area with dedicated community service and engaged volunteerism. On Wednesday, August 6 the club celebrated its 50th anniversary with a cocktail dinner and reception at Space Center Houston. To mark the occasion, Council Member Martin presented a certificate of recognition on behalf of the City of Houston honoring the club's service over the past half century. The event also featured memorabilia and video presentations celebrating the history of the chapter, and Rotarians and guests shared stories from the club's past activities.

Council Member Martin congratulates the Rotary Club of Space Center on the big milestone and thanks all involved with the organization over the past 50 years for their service to the community.

He also thanks Scott Rainey, President of the Rotary Club of Space Center, for the invitation to attend the event.

Scott Rainey
