IT'S SHRIMPOREE TIME AGAIN..Every year brings another SHRIMPOREE and OCTOBER 24TH is the date for this year. All Shrimpoeree/Auction committees are now working in full force to make this the best SHRIMPOREE ever. Tickets will soon be in your hands to sell to the public. The local area banks will also handle ticket sales for us. Let's sell more tickets this year than ever before. MARIO GRABAR and his publicity committee are hard at work. MAURY FITCH and his ticket committee are developing their plans for the largest ticket sale ever and WAYNE CLARK and his auction committee are brushing up on how to be extra friendly to our area merchants. Each of us must do our part if the SHRIMPOREE is to be a success. If you haven't been assigned to a job, see FRANK MORGAN or JACK EGGLESTON and they will give you a job. As the countdown for the SHRIMPOREE continues, the excitement and activity begins to grow. Let's all begin to spread the word and sell tickets all across the Clear Lake Area. The success of the SHRIMPOREE depends upon all of us working together towards the common goal of making this SHRIMPOREE the best one yet.

Have a nice year!

QUICKIES... People who have wild ideas about how to run the earth should start with a small garden. The brain is a part of the human mechanism that begins to function at birth and stops when its owner gets up to make an impromptu speech....A committee is a group of men who individually can do nothing, but collectively can meet and decide that nothing can be done...Convictions are what an employee has after he knows what the boss thinks....The reason it costs so much to live is that yesterday's luxuries are always becoming today's necessities.. A large proportion of our troubles is caused by too much bone in the head and not enough in the back...A diplomat is a man who convinces his wife that a woman looks stout in a fur coat.... In every election some good candidate receives the solid backing of all the good people who don't vote....

PAST PROGRAMS....On August 31st, club member JAY WELCH, who is Executive Director of the Texas Council on Economic Education, presented a program about the need for economic education. WELCH stated that: "Economics in today's society is a viable concern for each and every American." The Texas Council endeavors to fulfill this need by presenting economic educational programs throughout the state by the use of institutes, workshops, conferences, and seminars for teachers and community leaders. The idea is to teach teachers economics and then teach them how to teach it to students from kindergarten through high school. JAY'S talk was well covered in the excellent article by GREG GINN, staff writer for the CITIZEN....Then on September 14th, WALT WICKER introduced DR. GEORGE GLASS, Houston Psychiatrist, who discussed the many problems of stress, how it could be detected, how it could be controlled and some of its ramifications such as alcoholism. Through the use of case histories, GLASS tried to alert the audience to the various symptoms accompanying stress so that they can be recognized and treated. The CITIZEN again had an excellent article covering DR. GLASS'S talk. Hope you read it.

MESSAGE TO THE MEMBERS OF SPACE CENTER ROTARY

SUBJECT: THE SCOOTER HANDICAP

You lose the kitty plus one buck you pay the kitty for not having your pin or badge. Next week, the kitty will be worth \$11.00 and etc. (2) Your number drawn and you have scooted, one buck for the kitty the next time you show. (3) Number drawn and you are absent, \$5.00 goes into next week's kitty. QUIT LOSING--COME TO ROTARY. Sincerely, YOUR FRIENDLY ATTENDANCE COMMITTEE

DIRECTORY CHANGE: GEORGE DEMPSEY'S new business address is now Professional Park Dr., Suite A, Webster, TX 77598 - New business phone number is 332-3558.

RESIGNATION....The Board at its September 15th meeting accepted with regrets the resignation of DAVE GRIFFITHS for business reasons. DAVE come back and visit with us whenever possible.

EARLY EARLY LEAVERS

It seems that each year members need to be reminded not to make a habit of leaving early. We know that some of you do sometimes have early appointments that are unavoidable, but certainly not every week.

Yes, we want you to come, even if you do have to leave early, but try applying The Four-Way Test, Is it the TRUTH Do you really have to leave early each week? (If you have to go, we'll understand.) Is it FAIR to all concerned? Your program committee tries hard to bring you above average programs. Is it fair to respond with a mass exodus?

ON VACATION?

If you miss a club meeting because you are on vacation, you can schedule a make-up almost anywhere you go. Just refer to the Official Directory held by the secretary. It list meeting places and times of more than 19,000 Rotary clubs worldwide. And you can meet some interesting Rotarians between Andorra and Zimbabwe!

"I'm gonna marry an AGGIE next Monday morning at 5 A.M.", said the young divorcee. "Why so early in the morning?", inquired her neighbor girlfriend. "Well, if'n it don't work out, it won't ruin my whole day!", responded the bride-to-be.

THE VALUE OF KICKS
Just take this comfort in your soul,
In the midst of your worries and frets,
The football never could score a goal
Were it not for the kicks it gets.

The AGGIE'S shirt was soaking wet when he picked up his date. "Why is your shirt so wet?" she asked. "Well", said the AGGIE, "the label inside says 'wash and wear'!"

The talent of success is nothing more than doing what you can do well, and doing well whatever you do, without a thought of fame.—Longfellow.
