FRED JOY:

Attaching breakdown of number of
BULLETINS being mailed each week. You will
note my comments and the fact that we only have
a bare minimum left over (7) out of the present
orders of 200.

Postage for the mailing of 190 amounts
to \$15.20 per week, however I have only been asking
our Treasurer for \$12.50 per week up to now when
I have requested \$13.75 to cover most of the mailing.
I'm standing the balance here at the bank.

I know the increased cost of printing and
postage will put the Club into the RED by years and
so far as the BLASTOFF expense is concerned. I'm
thinking perhaps we should discuss this at next Board
meeting.....We can get this printing job done for
\$11.15 per week at the National Water District office
in League City - folded and all. Let me hear from you
copies to Bob Scott and Harry Smith - Gene

BLASTOFF

BLASTOFF - DISTRIBUTION

MEMBERS (regular)	122
" (Honorary - Astronauts etc)	14
Terminated Members by their moving away - requesting	19
District Rotary Clubs - requesting	16
Past District Governors	4
Visiting Rotarians - requesting	12
Rotary Headquarters	1
Lee Holley - Reporter	1
Clem Reel - Nassau Bay Hotel Sales Manager	1
Bonnie Skinner, Pianist -	1
Web Sharp, Chamber Manager	1
Al Busse, Chairman of Convention Committee	<u>1</u>
	193
For misc. use - a bare necessity	<u>7</u>
PRESENT REQUIREMENT	- 200

COMMENT:

I would hesitate to cut this distribution as above outlined. Perhaps we could cut off the 19 former members, but I feel this is a small percentage to be concerned about when considering the numbers that have moved away and have not requested weekly mailings. Gov. Upham has recommended our continuing on with present mailings if we can afford it, and especially is he concerned that WE DO NOT step backwards to a 1-page Bulletin. He states the BLASTOFF is the only one in the Country like it and because of its uniqueness it is drawing top attraction. He hopes we will at least continue, as it presently is being published, through the 1972 R. I. Convention.
