Development Company

Dear Chuck:

By this letter, I wish to follow-up on my initial request to Marvin Matthews, President of Space Center Rotary, that the Palmer Drug Abuse Program - Clear Lake be designated prime beneficiary of this year's profits of the Annual Rotary Shrimporee.

As you know, we presently have a younger group satellite housed at the Clear Lake Presbyterian Church. This covers the ages from 10 to 16 with a present weekly attendance of approximately 125 individuals. They meet each and every Tuesday night. When the Clear Lake Satellite was initially opened, we allowed all ages to come not knowing at that time the significance of the drug problems in the Clear Lake Area. We now realize that a satellite is needed for both a younger group of children (ages 10 to 16) and an older group (ages 17 and up). The Space Center Rotary Shrimporee funds would be used to establish this older group satellite. Of course, PDAP is a non-profit organization and all funds contributed will go directly towards helping these people in their fight to regain sobriety, freeing themselves of mind-changing chemicals.

Space City Development, Inc. additionally, will be most pleased to contribute \$500.00 to the Space Center Rotary Club to help pay for shrimp to be served at the Shrimporee.

As an added note, we would like to request that the Space Center Rotary Club make tickets available for purchase to all young people, staff and parents participating in the PDAP program in the Greater Houston Area.

If I can be of any help in preparing for the Shrimporee or in working on the Shrimporee Committee, please feel free to contact me.

In closing, I would like to thank all of the members of the Space Center Rotary Club in advance for their consideration of making the Palmer Drug Abuse Program - Clear Lake the prime beneficiary of this year's Shrimporee.

Most sincerely,

A handwritten signature in cursive script, appearing to read 'Charles L. Whynot', written in dark ink.

Charles L. Whynot  
Chairman of the Board
