Dist Governor / Presidents of
Rotary Dist 417 - Thank you for
the privilege of appearing here
before you this morning -
Our Governor Walter Lackey
~~and Incoming Governor~~ Dist 589
~~asked us to express~~ ~~these~~
greetings to Dist 417 - They also
wishes to express their regrets that
they could not be here this Morn -
due to business obligations -
Last year we were approached by
Roberto Ferris to as to our desire
to create a brotherhood between
Space Center Rotary Club &
Aeropuertos Club - Mexico City -
Much has transpired within
the last year - Last night a
bond was created between
our two clubs which we
all hope will last forever
We were much concerned
after your earthquake &
in discussions learned about
need for medical supplies
this was learned through
Aeropuertos Club of M.C. -
I'm happy to announce that with
a corporation of Aeropuertos &

Dist 589 our club has
in route two 18 wheeler
trucks of Hosp equip on its
way to M.C. - So Jesus
on behalf of Space Center Club
& Dist 589 here is a list of that
equip in route -

Later today I believe at least
at the Museum of Technology
a second presentation will
take place and that is the
loan of an exhibit from N.A.
S.A. - ~~through our club~~ The exhibit's purpose
is to possibly create ~~as the~~
a desire of the youth to follow
a career and perspective.
This we understand is the
goal or objective of Aeropuertos
Club -

[6 Past Presidents]
21 from our Club
