Hi David,

You must have some proclivity to be a giant killer,
'cause you are surely knocking them down.

You have got to be proud of yourself with this latest
accomplishment!!

My most sincere congratulations and warmest "THANKS"
for your accomplishment of getting the breakthrough to have
a Youth Exchange with Russia, certainly a credit for the
Space Center Club, all the Clubs in this District, the
District itself and above all, Rotary International! Your
perspicacity and tenacity is an example for every citizen of
the United States to follow.

You did it.....by yourself!!! We are all most grateful
to you for this outstanding deed!

Thanks for helping us.

Enjoy Rotary,

Sonny
