Hi David,

Thanks for the copy of your letter to Andre Malov. David, you just don't know how proud the District is of your efforts. You have really broken tradition and stampeded into new fields and frontiers. What is even more significant is the worthiness of the activity. It is absolutely astounding to think of the barriers you have overcome and their importance in bringing the east and west together in this endeavor with the youth, the coming leaders, to search for and find world peace and international understanding.

Your endurance, tenacity and perseverance certainly is the envy and the pride of every Rotarian. You have made tremendous ripples and shocked the complacent. You have to be the epitome of "Talkin' it don't do it, doin' it do it."

Thank you again for helping us all

Enjoy Rotary,

Sonny Nichols
