Space Center Rotary Club

RE: Harris County Community Center Project

Dear Terry:

Although we are appreciative of the support Space Center Rotary Club has demonstrated for the proposed Community Center, I think it is only fair to advise you that the project's completion date is very uncertain at this time.

Because of unforeseen complications in acquiring additional land for the sports fields, it appears that we will not be able to complete our plans and begin construction within the near future.

Consequently it is my recommendation that your club consider delaying further fund-raising until we can give you a realistic timetable for completing this project.

Sincerely,

A handwritten signature in cursive script that reads "Jim Fonteno".

Harris County, Precinct Two
