

Space Center Rotary member Floyd Boze, center, receives congratulations on his 50th anniversary of Rotary membership from the club's two active charter members, Bev Steadman, left, and Vince Lipovsky.

Rotary honors

Floyd Boze

IT'S RARE for a student to make it through 12 years of school without missing a day but Space Center Rotary member **Floyd Boze** puts us all to shame with his 50 years of perfect attendance in Rotary.

He was honored Monday at the Rotary luncheon at the Nassau Bay Hilton by members of the Clear Lake club who have such high respect for him that it has a charitable foundation named for him.

Three past district governors of

Rotary were there for the luncheon — **Paul Jury** from the Harrisburg club, **Bob Sides** of Houston's River Oaks Club and **Paul R. Pennock** of Gladwin, Mich., who is visiting his son in Seabrook and who has 32 years of perfect attendance with his club.

Robert L. Wright of the big Houston Rotary Club, who has been a Rotarian for 49 years, also came for the luncheon.

Only recently STS-86 shuttle Cmdr. **Jim Wetherbee** presented pins that were flown to the Mir space station and back to 20 members and their wives who each made \$1,000 donations to the Floyd Boze Foundation.
