

Dear Space Center Rotary Club,

I would like to thank the club for their generosity in awarding me such a generous scholarship. I have already put the money to use and have been able to pay for all 12 hours of college classes and books this summer. The money has allowed me to concentrate on my studies (English and Spanish) rather than jobs. I would also like to extend my thanks to Rotary International for the even bigger gift of allowing me to represent them in Ecuador. I am so lucky to have this exciting opportunity and am forever thankful for all that I am able to gain

from such an eye opening experience.

I hope to be all that  
Rotary embodies and personifies.  
Thank you so very much for this  
opportunity and the monetary means  
of achieving this. Thank you again  
for your generosity.

P.S. I am truly sorry for the delay  
in getting this note out  
From the LIBRARY of the MASSACHUSETTS HORTICULTURE SOCIETY  
sooner but please feel free  
to show at the next meetg.  
ASTER

By Pierre Joseph Redouté, *Aster Chinensis*, from *Choix des Plus Belles Fleurs*, published in Paris, 1827. Redouté, master flower painter of the 19th-century, was called the "Raphael of Flowers" by early nineteenth century writers. He was court painter and preceptor in four regimes, and was sought after by the leading naturalists and botanists of his time.
