Thank you for attending Space Center Rotary's Boots and Black Ties Ball, 40th Anniversary Celebration. Space Center Rotary has been a guiding force in service in the Bay Area and worldwide. Through donations at events like this ball, and our annual fundraiser, the "Shrimporee" to be held Sept. 18, 2004, local Rotarians provide support and recognition to numerous charitable organizations in the Bay Area. Internationally, we continue our campaign to eradicate the globe of Polio. We thank you for your support in these projects and for your commitment to Rotary.
