Fabiola Ramirez - Mexico - Cheryl Berg, Counselor

WORD HEALTH COMMITTEE

J.B. Fox
Debbie McBride
Vic Maria
Carlos Villagomez
Walt Huff

2007-2008

Dr. Fustok is a well known plastic surgeon who has done a lot of gratis surgery for Patients (children) over the years and is still doing this work for Space Center Rotary.

This past year we have been unsuccessful in getting any patients to the US. We had a 4 year old girl from Monterey, Mexico who needed a lot of work including cleft pallet surgery. She could not however travel because of a heart problem. She is now ready but our communications with her Doctor have not been good so we are waiting!!

We also wanted Dr. Fustok to go to the Guerrero hospital in Mexico but they did not need plastic surgeons this past year.

Next year we will pursue these projects and others.

Dick Kidder
