

Wow.....fantastic picture! I couldn't be more proud of the Space Center Rotary Club for what we stand for! I'm so glad we were able to help Polly, Brandon, and their family!

Thank you Darren for recommending Polly and her family! Polly texted me to let me know "a huge weight has been lifted off their shoulders". We will continue to pray for Polly and her family as they have many challenges to deal with!

Job well done by EVERYBODY!!!!

Steve
