Mike asked that teams and committees meet prior to or after the regular meeting period during the Club meeting as to not interfere with the Club program.

Mike asked Scott to be sure that thank you letters were sent to the sponsors

Several open items were resolved and new ones opened up. These are as follows:

Scott presented the guidelines for Shrimporee sponsors, 2010 Sponsor levels, and Sponsor info and how to pay procedure. All were approved by the committee with minor comments. One noteworthy item was that any contribution less than \$1000 would receive meal tickets only, no advertisement.

Bill Lowes needs 5 more workers in the Brisket slicing area

Need sponsor letter for sponsor campaign, Scott to prepare

A replacement is needed for Don Kirchoff in the hot dog area due to a conflict that Don has on Oct 16. Don will work on getting a replacement.

Dates for the Shrimporee planning meetings after August needs to be established

The Teachers of the Year and the Firefighter winners will be asked to come, given meal tickets, and be recognized during the Shrimporee. Who to handle invitations and guest while at the Shrimporee?

Only one gate will be open during the early part of the Shrimporee but all gates opened at the end for better egress. Two parking spaces will be blocked off on each side of the main gate entrance so the entrance can be more visible and for easier ingress. The one gate approach is to channel the guests to one path that will have informational signs.

The shaved ice (Marilyn Musial contact) will return and the smoothie stand owner will be contacted to determine her interest in returning (Jerrold to contact her)

Add small posters to top of table at ticket counter for people to see the cost of items. There is a large sign overhead, but is inconvenient to look up at. Also David Sincox suggested a large poster on the brick wall next to the ticket sales table with the sponsors on it.

Mike will get with Kippy Caraway about doing the PR and the VIP escort
