

Team Feasibility Survey

In Shrimporee 2011 teams were set up after a two month effort to sell the meal tickets and auction buyouts or receive commitments for auction items. A survey was sent out to see who would either buyout the auction items or commit to bring an item. After this effort was completed, teams were set up using the remaining members.

For 2012 it is recommended that the survey be conducted in July at the onset of the meal ticket and buyout effort.
