

OUR HISTORY

Interfaith Caring Ministries was founded in 1985 by a group of citizens and local area churches concerned with the area's growing population of working poor families. They recognized a need for an alliance that would allow them to screen clients for need and offer services on a consistent basis. Since then, Interfaith Caring Ministries has been a cornerstone in helping to fill in gaps within government social service, health, and education. There are over 25,000 working poor families in ICM's service area. In 2008, ICM served over 4,300 families.

With effective use of resources, we provide excellent services that will assist our clients with their basic living needs and help them achieve self-sufficiency. We provide these services in an atmosphere of trust and acceptance. ICM provides a wide array of services that address an immediate need including:
