Dear Mr. Dennard:

Mike

Please accept my appreciation for your recent gift to University of Houston-Clear Lake. Your contribution to the Center for Autism and Developmental Disabilities serves as an example of your commitment to support groundbreaking programs that benefit UHCL and its surrounding community. Your gift will help the Center to positively affect the lives of children with autism and their families.

Please find enclosed a copy of *Bravo*, UHCL's "good news report" which highlights recent university achievements. Your support helps make these accomplishments possible.

We are grateful for your generosity, your trust, and most importantly, your commitment to our mission. Thank you for your support.

Best regards,

Bill
