I'd like to nominate "Roxanne Underwood"

Widowed Valentine's day, Roxanne is the daughter of one of my first mentors in real estate. Her husband, Jason, lost his battle with cancer Saturday afternoon. This past year has been extremely difficult on them and due to the treatment and increasing Dr visits to MD Anderson Jason was laid off from his job.

Jason was only 39 and he leaves behind Roxanne, his loving wife of only a few months, and her daughters. Due to his job loss he had no medical insurance, and their savings have dried up to cover the mountain of medical costs. He was also unable to obtain life insurance.

I hope that you Will agree that Roxanne is worthy of one of our RAKs.

Thank you, Nancy Anderson
