

Recipient: Leigh Hayslip and family.

Circumstances: Leigh has had serious health problems the past 9 months. She has lost employment because of her condition. She has had two surgeries on her lower legs. The last one 3 weeks ago. She is eager to go back to work. She has been relying on Social Security funds to support her mother (76) and her grandson, Landen (10). Landen was abandoned by his parents last year, Leigh has fully supported him, but she cannot get custody (and corresponding financial support) until he has resided with her for 2 years. Leigh and Landen are very active members of Moody Methodist Church in Galveston, TX.

Random Acts of Kindness funds would go toward much needed home appliance repairs which have been postponed for some time, and toward fees for Landen's school and after school programs.

Referred by: Society of St. Stephen, Moody Methodist Church, Galveston, TX
