Date of last classification survey 8/88

Our club should admit 50 new members this Rotary year to reach our membership goal as of next 30 June of (allow for any projected losses) 200

Brief description of club's procedures for teaching new members about Rotary and making them feel at home in the club:

The Space Center Rotary Club has a very active and effective "Red Badge" program. Under this program, each new member participates in a prescribed set of orientation and familiarization meetings about Rotary and the Space Center club. Completion of the specified training objectives is a prerequisite for receiving a permanent badge.
