LAST MEETING

The Reverend C. Anderson Davis told us the story of NAACP's fight against segregation and discrimination at the conference table and in the courts of law. Support for NAACP comes from white members as well as from Negroes.

Goals of the NAACP

The Fight for Freedom is not over and to make sure that it is won, speedily and successfully, the NAACP will continue to use its time-tested methods of legal redress, negotiations, political action, peaceful protests, demonstrations and a public information program. The Association's ultimate goal is the establishment of full and equal rights for Americans of all races in respect to security of the person, voting, housing, treatment in the courts, health facilities, public facilities and accommodations.

NEXT MEETING, MARCH 5

You too can read 1000 words a minute! Our speaker is Mr. Armstrong D. Prescott the local manager of the Evelyn Woods Reading Dynamics System.

This program is being coordinated by Dick Hanson. The program committee consisting of Dick, Red Harrison, and Gene Horton are picking up the responsibility for our weekly speakers.

MARCH 13

We will meet at Clear Lake Country Club to celebrate St. Patrick's Day. Did you know St. Patrick was an engineer? Wonder if M.G. is a direct descendent? They came from the same part of Ireland.
