LETTER FROM BILL RUNGER

President Lindquist received the following letter from Bill Runger dated January 23, 1971:
Dear Mr. Lindquist: I take this opportunity to express my thanks to the members of the Space Center Rotary Club for their supreme effort and concern which has enabled me to attend the San Marcos Academy commencing this Spring semester. Thanks for such courtesies and values are not easily expressed. I assure you that these efforts which mean so much to me will not be fruitless. I am sure you and the others will not be disappointed in my achievements. Classes at the Academy commence Monday and to this I look forward. I will write to the Rotary Club periodically to keep you kind people informed of my progress. Again, thanks very much to all of you. I hope someday I will be able to express my gratitude with more than this simple letter.
Sincerely yours, Bill Runger."
