As we begin another new year in Rotary, we suggest you take note of the new officers and directors whose names appear directly above and who will serve the club for the Rotary year of 1982-83. Our thanks to the BOEING COMPANY and its Art Director JIM NELSON for preparing the new masthead for us. Volunteer your services and let's work together to make this the most successful year yet for the Space Center Rotary Club.

PROGRAMS:

MONDAY, JULY 12TH.....DR. PAUL A. CLOUTIER of Rice University will talk on "Space Technology Underwater" and how this new technology was used to locate the sunken Civil War vessel, "U.S.S. Hatteras." Bring a prospective member to hear this outstanding speaker.

MONDAY, JULY 19TH.....MR. JESSE BLANCO, JR. of the Federal Bankruptcy Court in Houston will be our featured speaker. Bring several guests to hear this very informative talk.

MONDAY, JULY 26TH.....GWEN HUMMELL and DAVID CLARK of the Honeywell Protection Services will present a program on Crime Prevention. Bring a guest for this important program.

MEET OUR NEWEST ROTARIAN....CECIL MARLIN PALMER, sponsored by DISTRICT GOVERNOR FLOYD BOZE (but in absence of Gov. Boze was introduced by CHARLES HARTMAN), was born at Douglas, Georgia. CECIL gained his higher education while attending Memphis State University and Texas Christian University. He holds a B. S. degree from Memphis State and his Masters from TCU. Today he is the meteorologist in charge of the National Weather Service (Houston Area Office) Rt. 6, Box 1048, Alvin, Texas 77511. His classification is "Weather Services-Analysis Director." 228-2527 is his office phone number. CECIL and his lovely wife, ETHELENE, live at 1110 Camino Village Drive, #502, Houston 77058. They have two married children: EILEEN and JAMES. Together let's give a special Rotary welcome to "Good Weather for the Shrimporree" CECIL. A splendid new asset to our club and to Rotary. Meet him today.

The SHRIMP BOATS ARE A-COMIN'.....and will be landing at the Galveston County Park on SATURDAY, SEPTEMBER 18TH. Every member of the Space Center Rotary Club should take part in welcoming the boats, helping to unload, cook, and serve the cargo. JACK EGGLESTON, our 1982 SHRIMPORREE GENERAL CHAIRMAN, needs lots of help, so if you haven't already signed up to work on one or more of the committees, by all means call JACK today and tell him you are ready to go to work. You can reach him at his office #488-9080, or at his home at night #482-4239. Every ROTARIAN is needed to work to make this a financial success.

HAPPY BIRTHDAY

BOB DRIVER JULY 22ND

Congratulations, BOB, and we hope for many, many more.

QUIPS.....The largest room in the world is the room for improvement.....There is no limit to either intelligence or ignorance. The real problem of your leisure is how to keep other people from using it....Most persons will not throw away life at one time, but they will throw away a little of it each day.

You're in The news

Congratulations!

PAUL HARRIS FELLOW NAMED....On Monday, June 28th, the Space Center Rotary Club named its 14th PAUL HARRIS FELLOW: JIM WYATT. VISITING ROTARIANS FROM FAR AWAY....On June 28th, DENNIS LAMB from the Rotary Club of Belle Glade, Florida. We tried desperately to make a good impression on him in hopes he will return again real soon and perhaps bring some other Florida Rotarians with him.

REMEMBER, failure to PAY DUES during this month of July is automatic loss of membership. A \$25 reinstatement fee will be required IF PAID AFTER JULY 31ST. NO STATEMENTS will be sent unless you request one. Call BOB WREN, our treasurer.

HOST FAMILIES....Several members of our club served as host families to fellow Rotarians attending Rotary International. RALPH and SALLY LANSDALE were guests of the CHARLES SCHUHMACHERS while FRED and BABS CLARK were the guests of the JIM KINGS. The CHUCK JACOBSONS and BILLY WESEMANS also hosted guests during R.I. Everyone involved were enthusiastic about their experiences and recommended that everyone volunteer the next time the need arises.

Service to Youth

"Serving youth keeps Rotarians in step with the changing character of the society and community in which they live. Also, involvement with young people helps integrate club members into their communities. Further, youth activities offer Rotarians an especially enriching opportunity to spread the ideals of Rotary along all the Avenues of Service.... Keeping in step with the young helps Rotarians stay flexible and hopeful--two vital qualities that become renewed whenever youth and Rotary meet and work together."
