### SPIRIT OF TOLERANCE

Rotary is neither a religion nor a substitute for religion. It is the working of religious impulses in modern life and especially in business and international affairs. Friendship was the foundation rock on which Rotary was built and tolerance is the element which holds it together. There is enough atomic energy in every Rotary Club to blow it into a thousand bits were it not for the spirit of tolerance.

## CONTROLLING INFLATION

ANNUAL GROWTH IN C.P.I.

The estimate for 1983 is approximately 4 percent.

The Service Corps of Retired Executives (SCORE), sponsored by the U.S. Small Business Administration, invites retired business people to call Larry Garrick (713) 660-4428, if interested in volunteering as a counselor!

If you expect perfection from people, your whole life is a series of disappointments, grumblings, and complaints. If, on the contrary, you pitch your expectations low, taking folks as the inefficient creatures which they are, you are frequently surprised by having them perform better than you had hoped.—BRUCE BARTON.

RESIGNATIONS:.....With regrets the Board, at its March 6th meeting, accepted the resignations of DR. JIM TWINING, PETE CONZALEZ and JOE BLACKSHEAR. All three stated their leaving our membership is because of business reasons. We regret their decisions and hope that somewhere down the road they will be able to apply for reinstatement of membership. We wish them well and invite them to visit with us whenever the opportunity presents itself.

QUIPS.....Most people's idea of facing the music is watching a parade!.....What do you say when an atheist sneezes?.....Doctors tell some of us men to slow down, so now we are chasing older women!.....  
....It's about time we start electing officials for what they won't stand for instead of what they stand for!.....
