### WHAT IS THE ROTARY CLUB

A Rotary Club is an association of business and professional men of a community selected for their value to society with regard to the realization of the idea of service.

Among the benefits that come from holding membership in the Rotary club are:

Making the acquaintance of men one ought to know.

Participating in genuine, wholesome good fellowship.

Developing true and helpful friendships.

Enlightenment in methods that increase efficiency.

Stimulation of the desire to be of service to fellow men and society.

Developing a new outlook on one's own business or profession, seeing it more as a service to the community than as only an instrument of private gain.

-Toledo, Ohio SPOKES

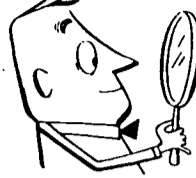

### SHARING ROTARY

"Rotary is for us to enjoy and partake. If we fail to pass it on then we are not doing a good marketing job. I once knew a salesman who said he never spent a moment in his life selling. He spent all of his time figuring out how he could help prospective clients achieve their goals in life. By SHARING ROTARY with others we can help them achieve."

LET'S WISH A GREAT HAPPY BIRTHDAY GREETING TO THE FOLLOWING ROTARIANS!!

ALAN WYLIE	5/10
JIM HARGROVE	5/12
BOB WREN	"
JOHN WARD	"
DEAN WOODRUFF	5/17
MURRAY ZIONTZ	5/19
BOB STEPHENS	5/20
CARLOS VILLAGOMEZ	"
RICK BATY	"

LET'S FACE IT!

**VOCATIONAL SERVICE**

"Vocational Service is that Avenue of Service dealing with the pride in our profession and performing it in an upright and honorable manner."

"Vocational Service is putting Rotary to work where we work - and in all our lives."

Vocational Service is the implementation of responsibility to make business and industry a better place to work and of more service to the community."

"Vocational Service is that which transforms a way of making a living into a way of living a life."

"Vocational Service is improving the quality of life in the professions and in trade, industry, and commerce."

-The Rotary Basic Library

**PARTICIPATION**

I believe that anything we can accomplish through Rotary will be the result of personal participation of Rotarians. Participation is the key to involvement, to accomplishment, to an active and effective Rotary Club. You have seen this for yourself. Perhaps you know of Rotarians who at first may have come along "for the ride"-only to become involved and then share generously their time and talents? What brought the change? A chance to get involved, a chance to participate.

-Kiyoshi Togasaki, R.I. President 1968-69

**Do** you want to be a success? Here are ten commandments to help you reach your goal—but every one of them will require you to change your thinking first. To be successful, you must think positively. Discouragement comes easy without additional tools to augment thinking positively. The following ten tools can guide you toward success:

**Tool Number One: Expect the best.** Picture a child just before Christmas. He says—and believes it absolutely—"Santa Claus is bringing me a bike." He doesn't worry about how Santa will load in a single pack all the bicycles he will deliver Christmas Eve, or how he will get the bike down the chimney. The parent may argue that Santa can't afford it or that it is too hard to deliver. Never mind. The child doesn't take no for an answer.

Do you take no for an answer to your desires? When you make the sales call, *know* that you will be successful. Or, when applying for a job, *know* that you are the best employee ever, and *know* that the job is yours. Cultivate an "I know it is going to happen" attitude. Have your hair stand on end with anticipation. When you expect the best to happen, things go your way.

**Tool Number Two: Pretend a little.** Pretend that you are the greatest. Pretending means "acting as if." It is creative use of the imagination. Act as if you are the best at whatever you do. Stand up straight; hold your head up. Be the greatest! Look how far Mohammed Ali went with pretending.

Affirm to yourself, "I am the best salesman in the company, in the world!" Imagine what it would be like to be the best and step into that role. Pretending is a step to making it so.

**VISIBLE CLUB**

Space Center Rotary Club's star shined brightly at the District 589 Conference in San Antonio, Apr. 26-29.

There were 18 members in attendance with their ladies. Bill Webb was selected outstanding club president of the year by Gov. Dan Willis. He also was presented with a Paul Harris Fellow award, and even won a \$100 door prize. Dist. Gov. Dan presented Past Dist. Gov. Floyd Boze with a plaque for being his prime support for the past year. (Floyd was the only PDG to receive this.)

Our club's two entries for District scholarships also came through as winners. The conference was treated to a talk by Miss Margaret McAndrews, a former scholarship winner, about her University year in Strasbourg, France.

Those of us who went, had a great time. Those of us who didn't, can get ready for next year.
