MEET OUR NEW ROTARIANS:.....BY REINSTATEMENT, we are pleased to have back with us, ROBERT E. DRIVER with the new classification of "Educator-Finance." BOB is presently a Professor of Finance at the University of Houston CLC, Ph: 488-9430. His present home address is 755 International Blvd. T-80, Houston 77024, Ph: 957-8692. Bob first became a member of our club in 1976, then resigned for business reasons in May of last year. It is good to have him back with us.....ROBERT GLENN MINOR, sponsored by LAMAR BOWLES was born in Shreveport, Louisiana. He attended Southern Methodist and UCLA - holding a B.S.E.E. degree. Today he is Vice President and General Manager of Rockwell International, 1120 NASA Road 1, Suite 200, Houston 77058. Ph: 333-2893. BOB and his lovely wife, JUNE, live at 15711 Craighurst, Houston 77059, Ph:488-8874. His classification is "Aerospace-Space Station". Together let us welcome these two fine gentlemen into our membership - and do it today!

You can know a great deal about a person by looking at his books. An hour's perusal of a man's library can reveal a great deal about his tastes, his interests, and his manner of life. Does he emphasize the big original books or is he chiefly satisfied with the merely contemporary? Even more, you can know a man's mind if you look inside the books which he owns, noting how well they are marked on various pages and whether the reader has made his own index in the blank pages at the end. For the most part, an unmarked book is one that is not really read. It is still true that there is not much impression without some form of expression.

Though the books which are on a man's shelves are revealing, there are two books, not on his shelves, which are even more revealing. Far from placing them on shelves, he carries these books with him or leaves them in a desk drawer. These are his check book and his date book. If we really understand these, we are well on the road to understanding their owner.

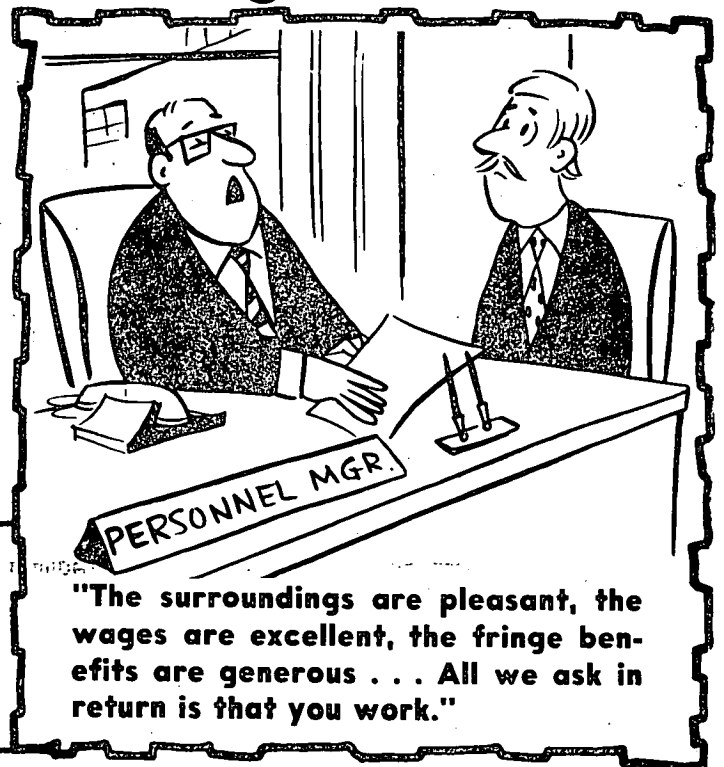

The check book is revealing because it tells how a man uses his money. And money is important, because ultimately it represents toil. To what extent does a man spend most of his money on himself and to what extent does he practice a certain austerity, in order to give more to causes and those more needy than himself? This is a severe test.

OUR DISTRICT 589 WILL HOLD THIS YEAR'S ANNUAL CONVENTION IN GALVESTON - APRIL 25-27. It is to held at the new SAN LUIS HOTEL on the seawall. PLAN NOW ON ATTENDING. Additional details will follow!

Man is the only animal
that blushes, or needs to.

Secretary JIM HARGROVE and our Classification Committee is working together to determine who in our membership may be eligible for "Senior Active" classification. Eligibility is determined by age and length of service in Rotary. Some classifications might in this manner be used in the sponsoring of new members.

Returning home from the dentist's office, little Judy told her mother: "He's not a 'painless dentist' like you said he was." The mother replied: "I'm sorry, dear. Did he hurt you much?" "Naw," the child answered, "but he sure yelled when I bit his thumb."

A 12-year-old boy defines the phrase "mixed emotions": "It's like hearing the morning siren telling you that school is closed because of a blizzard - and you are in bed with the flu."

Most controversies would soon be ended if those engaged in them would first accurately define their terms and then adhere to their definitions.

-Tyron Edwards.

CONGRATULATIONS to JENNIE LOU and CHARLES HARTMAN! They now have their first grandSON - a 6 lb 8 oz lad brought into this world last December 12th by it's parents, ROGER and CHERYL HARTMAN, of Souix Falls, South Dakota. They tagged it NICHALOUS HARTMAN.

A SAFE HARBOR

The pilot brings his ship through dangerous current and troubled waters into a safe harbor.

As Rotarians we, too, find a safe channel and harbor through "Service Above Self", "Praise Above Criticism" and living our "Four Way Test" within our membership and community life. Let us strive to pilot those around us through the dangerous currents of false hopes and sharp practices by our example to the safe harbor we enjoy in Rotary. (The Scandal Sheet).

WHERE MEMBERSHIP MEANS MORE

How do you welcome new members? Receive them in a cordial, friendly atmosphere, yet establishing the point that the club exists chiefly to serve by inspiring all members to contribute their best.

That kind of atmosphere makes a new member feel that he belongs to a worthwhile organization - one that will appreciate and make the best use of his limited time. A man of responsibility is bound to feel cheated if he finds himself in a group that professes to be serious but proves to be otherwise. He wants to belong to a club where membership means more than a few laughs and pocket service. (a club bulletin via The Scandal Sheet)
