LAST WEEK--Arcadia Schaeper, President of the Association for Retarded Citizens, Clear Creek, described the purpose, goals and benefits of that organization, which provides a summer program for school-age handicapped, transportation to places of work or training, communication therapy, special olympics, and parent counseling. She received a round of spontaneous applause when she said this was all done on a NO OVERHEAD basis. The Association seeks to become a beneficiary of the Shrimpooree fund raising. Approximately 200 mentally retarded individuals (all ages) have been identified in the CCISD geographic boundary.
