## BRIDGEPORT COMMUNITIES IN SCHOOLS -FREE ENTERPRISE PROGRAM

by Charles Milby - President of the BCIS Board of Directors

Please accept our appreciation for the \$500 donation we received from Space Center Rotary on March 23. Your donation will be used to support the BCIS Free Enterprise/ Junior Achievement Project at Webster Intermediate School.

The purpose of this project is to give students an understanding of business ownership and how the free enterprise system works. It also provides them with opportunities to enhance their self-confidence through achievement and recognition. In addition, it encourages students to stay in school, make good grades and exhibit good behavior.

Space Center Rotary was one of the first major supporters of BCIS when this program first began as a dropout prevention program in the Clear Creek ISD. Your continued support during the past nine years has made it possible for this program to reach out to over 8,000 at-risk students, helping them to remain in school and achieve. During the first five months of this year 24,490 service units were provided to 2,351 students by 13 dedicated BCIS staff members.

Thank you again for your support of this important program. Through BCIS, Space Center Rotarians are touching the lives of a special group of young people in our community.
