Rotary District 5890's Emphasis

By: Dennis D. Adams, District Governor

In Anaheim at the Governor's training, the 2001-2002 theme was unveiled by Rick King our Incoming President. The theme for our year is "Mankind is our Business"

We also learned of a program "Rotary's Global Quest" which is asking every club to bring in one new member per month this year with a goal of having a net gain of five new members by June 30, 2002. Program Kick called us all, "Rigel Eagles." We are looking not only at membership, but also publicity, training and the health of our clubs. We will be joining it up all year so we will have an outstanding District Conference in New Orleans. See you soon.

Thank you Scout Smith and Holiday Inn (NASA Road 1 Inn) for presenting Rotary Shrimpsters on your marquee

Things You Didn't Know, & we Didn't Know

- If you put a raisin in a glass of champagne it will keep floating to the top and sinking to the bottom.
- Pearls melt in vinegar.
- A sausage fits snug in a regular hamburger bun.
- A duck's quack doesn't echo and no one knows why.
- It's possible to lead a more egotistic life than our downtowners.
- No word in the English language rhymes with month, orange, silver, and purple.

Taking Notes

"I will never forget the man who came to my office and invited me to Rotary. He changed my life. And I submit you too will always remember your sponsor. There are millions of quality men and women who are Rotarians, but not yet members of a Rotary club because no one has ever asked them. We must do so now."

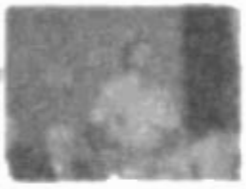
Space Center Rotary Has Two World Champion Golfers

By: David Taylor

Last week we attended each club members to the fact that Bill Predmore had won three world championships at Rotary golf tournaments and three 2nd championships. An amazing accomplishment. But we already had a Rotary world champion golfer in Floyd Bass, who had gotten Predmore started in the competitions. Floyd's story was not told due to lack of time. The following remarks are from Predmore and were our motion into the presentation for that day. Sometime we should ask Floyd Bass to step to the podium and recall his experiences winning the golf championship in 1974 at St. Andrews, Scotland, the birthplace of golf.



Bill Predmore

From Bill Predmore regarding Floyd Bass and the Rotary world golf championships.

Floyd has told many stories from the stands to play on the eve of the tournament. But the best story of the eighteen he ever told was when he played on the Old Course at St. Andrews, Scotland in 1974. His foursome was made up of golfers from four different countries on the eve of historic tournament of the day. This was the last day of the competition and Floyd needed a three a great score if he was going to win. When the "starter" announced each of the club officials to the tee to step across the country that represented. Floyd said the feeling of pride that washed over him when he was announced as representing the United States of America was so overwhelming he could not see the fairway for the tears in his eyes. He hit his tee shot and walked his caddy which he had that year. Right down the middle' easier he couldn't see! Floyd knew everything was going to be fine. Floyd won that tournament was at the time the 1983 tournament held at Lagos-sur-Seine, Switzerland. Floyd also was runner up in 1981 at Palm Springs, California and again in 1979 at Pebble Beach, California. He was also on the team that won the two-man competition that is also part of the overall RJTA competition in 1974. The eight back wrestling these and other awards was the high light of these trips for Floyd. Now as he will constantly tell you, it was the friendships he made and the memories he has with Rotary that have been rewarding various Rotarians from all over the world that he treasures the most.

THE EYES OF ROTARY ARE ON TEXAS!
By: ADG D'Lisa Simmons

The eyes of Rotary are on District 5890's project in Nicaragua, thanks to a compelling presentation at San Antonio's international convention. Led by **Frank Huezo**, who described the work being done for the victims of Hurricane Mitch, and more recently, children living in the garbage dump, our Rotarians brought the house down! Father Marco, speaking English publicly for the first time, also outlined the contributions by Rotarians. PDG **Steve Harris** interpreted the presentation with a wrap up and challenge to break the cycle of poverty one village at a time.

The Presidents of each club, along with the ADGs, have received a copy of RI's videotape of the presentation at the San Antonio convention. Please feel free to use this video as a program for your club or give the tape to a potential sponsor for the upcoming Gala.

This year, the Nicaragua Gala will be held in the Hamburger Center on Saturday evening, September 22, 2001. After you finish off your BBQ with Eric and **Rhonda Kennedy**, change into your glamorous and come down to the Hamburger Center for the Gala! This year, our goal is to sell out all 80 tables! Carolyn Earle is the honorary chair again, and our own PDG **Steve Harris**, RI's co-chair on the Hunger Task Force, is the Chairman. Major corporate underwriters include Michael Cordua of America's restaurants, Inma and American Shipping Lines. This year, 100% of the costs of the gala are underwritten, so 100% of your dollars go to the families in Nicaragua.

You may remember at **PDG Palmer's** conference in Galveston, Texas, **Jack Tucker** made a presentation about the housing project for the people of the dump. For $450, Rotarians, friends, and clubs could sponsor a home for a family. Your $450 contribution was matched by another $450 from the Feed the Poor, and then the $900 matched again by $1 in a special housing grant, shepherded by PDG **Charlie Clemmons**. So yes, a home for $1,800.00 was built! There are approximately 110 of 350 homes completed. Feed the Poor is building the remainder of the homes, which should be completed by October. This project has grown from the first international project for the Humble Environmental club five years ago to a large project supported by the majority of the clubs in District 5890. But what to do once the homes are built?

Rotarians throughout District 5890 are stepping forward again to begin the first step in breaking the cycle of poverty for the families of the Chinandega city dump. This year, proceeds from the gala will be spent on feeding the children in the school for the kids of the city dump canteen, $90k annually) and the remainder to provide crops and livestock for the villagers. Each villager should receive fencing and materials for pens, 9 hens and 1 lucky rooster, several lime trees, several papaya trees, several plantain trees, seeds for tomatoes cucumbers, beans, onions, herbs, etc. The estimated cost for each family is approximately $600, and the goal is to have each family self-sufficient within the next 6 months. Just like the housing project, each family is responsible for building the fences, pens, and gardens.

In this project, stable? You're damn right it is, but it's going to take the financial support of Rotarians and friends. Come join us at the gala as PDG Steve and Father Marco and the kids from the dump lead the charge in breaking the cycle of poverty, one village at a time. If you would like PDG Steve or Jack to give a program on what's happening in Nicaragua, please contact Steve's office at 281 980-1690. If you would like to make the next trip to Nicaragua, sign up with **Frank Huezo** at 281 446-6940 for October 25-29. If you, your club, or business associates would like to sponsor a table, please let your ADG and Frank know by August 15. Additional sponsorships will be accepted and recognized in the program at the gala, but we must meet our printing deadline of September 1. Let's keep the eyes of Rotary shining brightly on the work of the many Rotarians throughout District 5890 who are working to break the cycle of poverty one village at a time. See ya at the Gala!
