Dear Bob:

Three years ago (approximately), Space Center Rotary pledged FIVE HUNDRED DOLLARS (\$500.00) to the building campaign for the Junior Achievement Building located on El Camino. We made a payment at that time of ONE HUNDRED AND FIFTY DOLLARS (\$150.00). Unfortunately, since that date, additional pledge commitments have not been forthcoming.

Junior Achievement could use any contribution, of course. Our Club has been a strong supporter in principal of J. A. from the outset. I realize this is a bit late in our budget year and now may be a difficult time to fulfill our pledge. Incidentally, I am certain any amount would be welcome.

Is there anything that could be done at this time to meet our pledged obligation?

Sincerely,

  
B. E. Steadman  
Manager, Houston Office
