Houston, Texas 77058

Dear Members,

On behalf of American Legion Auxiliary Unit 554 and the junior class of Clear Creek High School I wish to extend our appreciation to the Space Center Rotary Club for its continued support of the Girls State program. This government training program which trains young women in the duties, rights, and responsibilities of citizenship is one of the finest in the country. Since a program of this kind helps to provide an educated citizenry for the community, the entire community benefits. It is gratifying to know that community organizations are willing to provide the financial assistance that enables more young women to become better educated citizens.

Your organization has made it possible for Miss Carrie Arolfo to attend the 1975 Session of Texas Girls State. Carrie is the daughter of Mr. and Mrs. Angelo Arolfo of League City. Carrie is a member of the National Honor Society, a cheerleader, and an outstanding athlete; she is an outstanding member of the junior class. It is hoped that after the session it will be possible for her to thank the organization personally by reporting to you on her Girls State activities. If such a report to your group is possible within your organizational program structure, please let me know so that assuitable date can be arranged after her return.

Sincerely yours,

Arliss Treybig
