ROTARY TEACHER RECOGNITION PROPOSAL

Jerry Smith, of Space Center Rotary, has proposed a Rotary-sponsored Excellence in Education award to honor an outstanding CCISD educator. An overview is attached.

The process he would like to follow is:

- 1) receive go ahead from you and inform the board about the project(including brief presentation at earliest board meeting opportunity);
- 2) distribution of applications/nomination forms and project information to all staff(early to mid Feb);
- 3) establish review committee(Rotary, UHCL, others) and identify "honor roll" of educators;
- 4) final selection and recognition of Outstanding Educator by May.

I have contacted some other districts who have programs in place to avoid as much "wheel reinventing" as we can.

Mr. Smith needs the go-ahead from us to proceed with the project. He would like to hear something by midweek(Jan 30/31) so he can go forward with his plans.
