Dear Marilyn:

I want to thank you and Space Center Rotary for your generous donation! I was looking over our records and noted that your donation was twice as much as you have given us in the past and that is thrilling. We are able to buy about 890 meals with the \$4000 that you gave us, and we are really thankful for your generosity. The Rotary's support is so appreciated by Bay Area Meals and Wheels.

When you had asked me to give a 20 minute talk I honestly was terribly nervous about talking for so long. You're group was so receptive and kind that I really enjoyed the experience. I also enjoyed having lunch and all of your fellowship. The Rotary is a very welcoming group.

We would not be able to function without support like the Rotary has given us. Thank you so much for being so generous!

Sincerely,

Rebecca Johnston, President
