Dear Mr. Smith:

*Billy*

University of Houston-Clear Lake is progressing to the second most monumental step in its history – expansion to a four-year university – and we take such a bold step thanks, in part, to the encouragement that comes from gifts to the university. Thank you for your recent support.

UHCL's Center for Autism and Developmental Disabilities (CADD) advances UHCL's mission as a community-minded and partnership-oriented university by supporting research, training current and future professionals, and providing services to children and their families through partnerships with community organizations. Space Center Rotary Club's fellowship contribution to CADD for graduate staff, books and educational materials allows CADD to provide a vital service to our surrounding community.

Please find enclosed a copy of Bravo, UHCL's "good news report" which highlights recent university achievements. Your support helps make these accomplishments possible.

We are grateful for Space Center Rotary Club's generosity, trust, and most importantly, commitment to our mission. Thank you for your continued support.

Best regards,

*Bill*

William A. Staples  
President

*I thank very much for all that the Space Center Rotary has done and is doing for UHCL. We value our partnership.*
