MINUTES:

John Gay resigned as Chairman of Career Day. Leo Symmank to contact Roy Pezoldt to take over committee.

Hal Neely reported that the Seaman's Olympics have not been rescheduled.

Bill Powell reported that the Library Committee is investigating the possibility of visual aids, etc. to supplement the Library.

Leo Symmank reported that Sissy Farenthold meeting was attended by twenty teenagers, but no Sissy.

Jack Bridwell reported on scholarships - they have met with Clear Lake School officials. Last year \$250,000 in scholarships were available in the district and were not all utilized. Meeting also investigated what school was doing to publicize these scholarships. There is one to one counseling. Committee feels that the school program is excellent and our Rotary Club cannot improve the existing system. Recommended that at present we continue as we have with the scholarships we have had, but investigate further the possibility of paying interest on state assistance loans and helping to get more publicity of the existing scholarships available.
